5. The exam will take 3.5 hours, please dress comfortably.

7. Bring your school i.d card
8. There are two sections of Math, you can use a calculator on one section. For more information on the calculators, please view the [approved calculators](#) list. College board provided the following information regarding calculator use:
 - Bring your own calculator. You can't share one.
 - Don't bring a brand-new calculator. Bring one you know.
 - Decide how to solve a problem, then decide if you need your calculator. This might surprise you, but calculators don't always save time. In fact, the Math Test includes some questions where it's faster not to use a calculator, even though you're allowed to.
